

Imagine Español Professional Development

Four Levels of Sessions Available

- Leading with Success for Administrators
- Getting Started Workshops for Educators
- Next Step Workshops for Educators
- Targeted Support

Craft a professional development package that adapts for each school site or as sharable sessions across the district.

Choose from our virtual webinars or onsite workshops, which can be purchased independently of packages.

Modality	Virtual	Virtual	Onsite	Onsite
Participants	Up to 40	Up to 40	Up to 40	Up to 40
Sessions	4 webinars	8 webinars	2 onsite days (full days)	4 onsite days (full days)

LEADING WITH SUCCESS SESSIONS

Audience: Administrators

Session Title	Description
Best Practices to Lead with Success	Gain an understanding of the teacher and student experiences and key steps to get started with success. Manage student settings and explore personalized learning and adaptive instruction for students. Hands-on planning will be mapped out to support use in various implementation models.
Establishing a Data Culture	Get support for establishing a data culture that emphasizes collaboration. Craft action plans to adopt a data-driven instructional model, develop data teams, model data usage, and dialogue while using data to drive instruction
Facilitating Data Teams and Data-Driven Dialogue	Prepare leaders to facilitate data teams and establish protocols to foster data-driven dialogue. Engage in hands-on exploration with reports and action plans to support teachers with instructional planning.
Leading PLCs with Imagine Learning University	This session will introduce leaders to the power of Imagine Learning University and how it can be a key driver for ongoing professional learning and promote dialogue in a professional learning community (PLC). Leaders will get hands-on with the content and PLC facilitator guides to map out plans to utilize the resources in their own PLCs.

GETTING STARTED WORKSHOPS

Audience: Educators

Session Title	Description
Getting Started with Success	Gain an understanding of the teacher and student experiences and key steps to get started with success. Manage student settings and get action plans with key data to monitor student engagement. Hands-on planning will be mapped out to support use in various implementation models.
Best Practices with Reports and Data	Gain a foundational understanding of the reports in Imagine Español. Focus on key reports to monitor and prepare action plans for data to analyze daily, weekly, and monthly. Hands-on opportunities will train educators to access and interpret data to make learner-centered, data-informed decisions.
Best Practices with Distance Learning	Prepare key strategies to organize a set of learning targets, success metrics, and instructional guidelines to implement Imagine Español in a distance learning model and promote student engagement.

NEXT STEP WORKSHOPS

Audience: Educators

Session Title	Description
Using Data to Inform Instruction	Learn how to use data to plan for and drive student achievement. Build upon knowledge of Imagine Español reports to analyze student usage and progress data, along with the Portfolio Tool, and map out action plans to inform instruction. <i>*Suggested prerequisite: Best Practices with Reports and Data</i>
Blended Learning Best Practices	Discover best practices to blend instruction with Imagine Español, maximizing the best use of time, place, and space. Get hands-on with instructional resources to target individual students' needs in whole- and small-group instruction. <i>*Suggested prerequisite: Best Practices with Reports and Data</i>
Targeting Priority Standards to Avoid Learning Loss	Dive into student data from multiple measures to pinpoint students' needs. Leverage data to target specific standards/skills and plan small-group instruction to accelerate learning and target learning loss.
Engaging Families	Prepare the home learning environment with resources to support family members. Get familiar with the ready-to-go resources in Imagine Learning University that can be shared with families.
Summer School Success	Build a solid understanding of both the teacher and student experience and key steps to take in summer school. Focus on data points to monitor and how to use data to target learning loss and accelerate student growth.

TARGETED SUPPORT

Session Title	Description
Goal Setting and Motivating Students	Map out steps for student-led goal setting and expectations for achievement and utilize tools to track progress and increase student engagement.
Customized Office Hours with Tailored Support	Address questions that teachers or leaders have at each stage of your implementation. We tailor sessions to site or classroom-level topics and issues, support new users, and dive into new features, all to ensure educators are set up for success.
